## Partners in Advocacy Program

Advocacy is necessary for the tourism industry, but especially now in times of uncertainty. Southeast Tourism Society works hard to advocate for our members and industry partner, but we need your help. Due to budget reductions we have had to cut the number of hours spent on advocacy support. This sponsorship program helps us continue the important work of STS advocacy.

Your contributions will be recognized on [www.SoutheastTourism.org](http://www.SoutheastTourism.org) on the Advocacy Webpage, the COVID-19 Resource Page, and the New Recovery Resource Page.

Please check your option below:
