

*We had such a good time at STS. I don't think anyone can understand the spirit of the organization until they attend an event like Fall Forum. Everything was top notched from the speakers to the meals.*

*What an amazing organization and happy to become a part of it. In my 13 years in online advertising I have been to a number of different shows/events and what really sets apart STS in my mind are the personal relationships and the level of friendship that you all share. I hope to be a contributing part of that culture.*
